Speech

This week you need to practice your informative speech and present it for Ms. Prendergast using some video platform that you will set up with Ms. Prendergast. Miss Prendergast will send you the options.

If you are not going to do it live you must submit via e-mail a word for word written transcript of what you would say if you were giving the speech. This needs to be more than an outline. It is an actual manuscript of every word that would come out of your mouth if you were to give it.

No matter which method you choose you must also submit a final outline, a copy of or picture of the visual aid you would use in your speech and your works cited page.
