Foundations of Technology for March 30 through April 3, 2020

The assignment for this week is from the website <https://www.sciencefocus.com/future-technology/future-technology-22-ideas-about-to-change-our-world/> where students will see 22 technology items that are expected to be created in the future. In a return email, tell me about 5 of the different items that the students find to be the most interesting. Do not just list them, tell me about the items.
